The "Extra meals" expression designates an opportunity to receive up to a 50% bonus, provided by the resort's restaurants, to your daily catering advance deposits. Put simply, according to this special deal, our guests receive up to 50% more catering money to spend in our partner restaurants, if they are booking the service in advance. The daily amount of money, according to this special deal, is fixed and determined by particular tariff regulations and season periods, it can't be random or contractual. The pre-paid money is transferred to guests' electronic purses, which are linked to their personal room magnetic key cards. The key card is the only payment method, available for this particular deal and accepted by our partner restaurants. Please note that if your final bill exceeds the pre-paid amount available on the deposit, it will be split into 2 parts. The first of those should be payed using the available deposit funds. The second part of the bill should be closed out with a cash or non-cash payment. In order to get a full partner restaurant list or any other additional info, please refer to your reception manager. Important! The money is accrued on a daily basis, unused balance is not by any means transferrable and usable for next day catering services.
